26<sup>th</sup> May2013

**ANNUAL REPORT (2012-2013)**

Secretary reported about various activities took place during past one year. Library activities were discussed. Arrangements made of few teachers who themselves volunteered were reported. However a concern was felt due to rumors spread around the building that was not allowing students to study till late hours.

Due to non-availability of funds, activities could not be extended. It was decided that efforts should be made to raise the funds.

Many rounds of interactions with students during past one year are arranged by society executives and motivated them for better quality of education. Few interactive session and expert classes for English, Urdu and Maths for class VI-X were also arranged.

An orientation programme was also organized in which students of A.M.U Aligarh and Jamia Millia Islamia, New Delhi participated. They informed to the students about different courses offered by these institutes and how they may get admission in different courses. The programme was attended by more than 100 students and it was quite encouraging and successful.

Prof Majid Jamil

5<sup>th</sup> April 2014

**ANNUAL REPORT (2013-2014)**

During 2013-14 due to constraint of funds many activities could not be conducted. However library facility remained available for the students. This library facility is serving the poor students since 2006 and a good number of students have been benefitted during past 8 years. Some students of this library are doing Engineering, Dip Engg and other higher degree programmes in leading institutes of the country.

The space facility available to run the library was disturbed in recent time as one school has also been started in the same premises. In March 2014 the library was shifted to a new place. But the executive members of FAITH are searching a better place so that facilities may further be extended. The computer lab facilities could also not be provided due to shortage of space. However library is having six PCs which would make functional shortly after getting the proper space.

Time to time society executives interacted with the students and motivated them for better quality of education. Few interactive session and expert classes for English, Urdu and Maths for class VI-X are also arranged.

An orientation programme was also organized on 29<sup>th</sup> December 2013, in which students of A.M.U Aligarh and Jamia Millia Islamia, New Delhi participated. They informed to the students about different courses offered by these institutes and how they may get admission in different courses. The programme was attended by more than 100 students and it was quite encouraging and successful.

**ANNUAL REPORT (2014-2015)**

During 2013-14 due to constraint of funds many activities could not be conducted. However library facility remained available for the students. This library facility is serving the poor students since 2006 and a good number of students have been benefitted during past 8 years. Some students of this library are doing Engineering, Department Engineering and other higher degree programmes in leading institutes of the country.

**Earth Day Celebration-2014:**

Our Organization worked in association with Science Aur Kainat Society of India which organized Earth Day on 22<sup>nd</sup> April

in Gujrat & Bihar. This programme was organized by Science Aur Kainat Society of India, Catalyzed & Supported by Ministry of Earth Sciences, Govt. of India in association Faith Social And Educational Welfare Society. The programme was conducted at Gaya.

Earth day is the largest, most widely celebrated International event as it provides a chance to remember what an amazing planet we live on. It is the only planet in our solar system teeming with incredible biodiversity. People all over the world celebrate and make efforts to protect planet and its environment.

Earth Day Celebration -2014 was celebrated on the theme of “CELEBRATING OUR PLANET” on 22<sup>nd</sup> of April 2014 at Kainat International College (KIC), Gaya, Bihar. This programme was catalyzed and supported by Ministry of Earth Sciences, Government of India. Ministry is celebrating Earth Day on 22<sup>nd</sup> April each year for past few years and encourage the children, youth and common masses.

earth from degradation. Based on this, in April 22nd 1970 had been declared as World Earth Day and since then it is celebrated.

The programme was concluded by Dr. Nishat Anjum, Deptt. of English, Magadh University. In her valedictory address she has stressed “the importance of utilizing available resources in a sustainable manner for attaining long term sustainable development with maintaining balance between the economy and ecology. Celebrating on a particular day is only a symbolic representation and we must keep aware and care about our planet earth every day”. Quiz, Painting and debate competition was conducted for the students of several schools, Colleges. For Quiz competition three teams were participated; one team consists of five members.

The Celebration of Earth Day ended by valedictory function. The valedictory function organized at the campus of Kainat International College at 4:00 pm. Dr. Nishat Anjum, Deptt. of English, Magadh University and Programme Coordinator and Principal, Kendriya Vidyalaya awarded the Prizes and certificates for winners.
